VOL. LXVI. RENO, NEVADA, SATURDAY MORNING MAY 12, 1906. NO. 37

BRITAIN IS READY TO ENFORCE ULTIMATUM

TO LAND TROOPS IF TURCOMAN DOES NOT REPLY

Term Fixed by British Note to the Porte Will Expire at Midnight on Sunday

ENGLISH FLEET IS UNDER SECRET ORDERS

LONDON, May 12.—The term fixed by the British ultimatum to Turkey expires at midnight Sunday. It is still anticipated in official circles that the Porte will accept the demands of Great Britain, but in the event of the Sultan proving obdurate active coercive measures will commence immediately on the expiration of the period of grace.

Both at London and Constantinople Turkey is seeking to make an arrangement of the Tabah difficulty. The Grand Vizir was to have had an interview with Sir Nicholas O'Connor, the British Ambassador at Constantinople at 11 o'clock last night. The latest dispatches from Constantinople state that Foreign Minister Tewfik Pasha, the Grand Vizir, and others of the Sultan's advisors' counsel yielding to the British demands.

British Fleet Ready

Meanwhile, the British naval preparations are maturing.

A dispatch from Athens announces that the Mediterranean fleet under Vice-Admiral Lord Charles Beresford is ready for immediate departure. Prince Henry of Battensburg's cruiser squadron left Phalerum Bay last night for an unknown destination. The great size of the British fleet in Turkish waters is due to the probable necessity of providng landing parties should Turkey continue obdurate.

Will Protect Suez Canal

The nature of Lord Beresford's instructions is kept secret, but it is practically certain that there will be no attempt to force the Dardanelles or to make a demonstration before Constantinople. Rear-Admiral Lambton's squadron at Port Said is in readiness to protect the Suez Canal should the Turks attempt an advance along the El Arish route. He has several light torpedo boats and cruisers.

May Cause a Religious War

LONDON, May 12.—Wilfred Blunt, who has thirty years intimate knowledge of the Sinai Peninsula, has written to Foreign Minister Grey protesting against the despatch of the ultimatum to Turkey on the ground that the British cause is much less strong than has been supposed and that an attempt to press the matter to a violent issue would be at the risk of a religious quarrel of indefinite magnitude with the whole body of Mohammedans.

DIVINE THOUGHT TO BE NEARING DEATH

Fatal Termination of Disease of the "First Apostle" of Zion City May Come Within the Next Two or Three Days, Says His Physician

CHICAGO, May 11.—The condition of John Alexander Dowie is said to be nearing a critical stage. The venerable "First Apostle" has taken to his bed and his strength is failing. The swelling of the extremities which is a noticeable characteristic of his affliction, is said to have extended upward until within a few inches of the heart.

Dr. Blanks, who has been in constant attendance upon Dowie since his return from Mexico, said that he might, in view of his great vitality, live a week or ten days, but that a fatal termination of the disease within two or three days would not be surprising.

PEOPLE'S LEADER IN CONFERENCE WITH CZAR

Professor Mouromtseff, President of the Lower House of the Non-Russian Parliament, Has Audience With the Emperor

ST. PETERSBURG, May 11.—The hope of the establishment of friendly relations between the Emperor and the National Parliament was further strengthened today by the audience granted by Emperor Nicholas at Peterhof to Professor Mouromtseff, President of the Lower House. Professor Mouromtseff returned to St. Petersburg from the audience apparently much impressed by the Emperor's earnest interest in the problems of the country.

Though the radical hotheads had been saying that Professor Mouromtseff would lay down the law to the Emperor and make a scene, the half hour's conversation was skilfully guided both by the sovereign and the Parliamentary chief, so that friction was avoided.

The burning subject of the reply to the speech from the throne probably will not be reached at tomorrow's session of the Lower House, the time of which body will be taken up with the election of officers, the adoption of necessary rules of procedure and the appointment of a committee on credentials.

FUNERALS STOPPED BY STRIKING UNION MEN

Drivers of Hearses in New York Attack Non-Union Workers and in City 110 Bodies Remain at Homes of Mourners and Cannot be Buried

NEW YORK, May 11.—The strike of fifteen hundred funeral drivers, ordered last night, tied up the undertaking business in New York city today so completely that about 110 bodies remain unburied. Hearses and carriages were driven away from churches; mourners were kept waiting all day in homes of the dead and in several instances non-union drivers of hearses and carriages were attacked in the streets and police protection had to be called.

In many cases undertakers appealed to the board of health for permits to postpone burial, while others asked for permission to convey bodies to the cemetery on trucks or street cars and asked protection. In every case permission to use street cars for funeral vehicles was denied, but in cases where death had occurred from contagious diseases and immediate burial was required undertakers were forced to make use of their coffin wagons or such vehicles as they were able to procure with drivers.

The strikers declared tonight that their fight for $14 a week instead of $12 is on in earnest. Their employes, the Coach Owners Association, decided not to grant the increase.

HAS CAPITAL OF $12,000,000

ALBANY, N. Y., May 11.—The Electric Properties Company of New York, of which John F. Wallace, forme chief engineer of the Panama Canal is to be identfied, was incorporated here today with a capital of $12,000,000. The company will carry on business as mechanical and electrical engineers.

KILLED AFTER THIRD ATTEMPT

SIOUX CITY, Iowa, May 11.—Fighting off two nurses and his wife, Lew Wilson, a wealthy business man of Presho, S. D., threw himself from the second story window of a hospital here and was killed. This was his third attempt at suicide within two weeks. Business troubles are given as the cause.

GERMAN TROOPS ENTER BRITISH TERRITORY

CAPE TOWN, Africa, May 11.—It it authoritatively stated that in a fight May 4, the Germans pursued the rebel chief Marengo, four miles over the eastern border of German Southwest Africo into British territory. The Cape police protested against this violation of the frontier, but the German commanders refused to retire, saying that he intended to finish his "job."

Marengo, who lost twenty-seven men in the engagement, is believed to be in hiding near the border.

NONSUSPENSION AMENDMENT IS VOTED DOWN

Senator Bailey's Motion on the Railroad Rate Bill Defeated on Party Division

THE ALLISON MEASURE TO COME UP TODAY

WASHINGTON, May 11.—Senator Bailey's non-suspension amendment, applying to orders of the Interstate Commerce Commission as covered by the Railroad Rate Bill, which has occupied so much of the attention of the Senate in connection with that bill, was today adversely disposed of by the decisive vote of 23 to 54, practically a party vote. The debate on the provision was limited to a brief political speech by its author, in which he said the President had changed his attitude on the question of maintaining the rates fixed by the commission until the courts reach a final decision.

Raynor Amendment Lost

An amendment offered by Senator Raynor, confining the court review to constitutional questions, was also voted down, but not until after speeches had been made by Raynor and Bailey in advocacy and Allison, Fulton, Long and Cullom in opposition. The debate was in anticipation of the discussion that is expected to occur upon the Allison court review provision tomorrow.

Raynor and Bailey contended that the Allison amendment authorizes the broadest possible court review, and the Maryland Senator urged that in it Senator Aldrich had achieved a signal victory.

Senator Fulton stated that he had first suggested the language of the Allison provision.

Vote on Party Lines

A number of other amendments, offered in the main by Democrats and by Senator La Follette, were rejected. The votes were generally along party lines during the entire day, but the Wisconsin Senator voted with the Democrats on all propositions and McEnery and Morgan voted with the Republicans on most of them.

Amendments Accepted

The only amendments accepted during the day were those offered by Senator Allison striking out the phrase "fairly remunerative" in the provision allowing the Interstate Commerce Commission to fix rates; limiting the operations of orders of the commission to two years, and making the Interstate Commerce Commission the defendant in suits changeing the rates fixed by it.

The anti-pass resolution heretofore adopted was again discussed. It is evident that it will be modified.

EARTHQUAKES CAVE IN CUBAN COPPER MINES

SANTIAGO DE CUBA, May 11.—By the caving in today of the old workings of a copper mine at Cobre, ten miles west of Santiago, supposed to be due to earthquake shocks, the lives of Superintendent Young and six miners were endangered. All the lights in the tunnel were extinguished and it was only through Superintendent Young's knowledge of the working that he and others in the mine were enabled to make their escape through distant openings, exits generally used having been closed by falling rocks and earth. The cave in occurred beneath the famous Cuban Shrine of the Virgin Mary and slightly damaged the church.

RAILROAD ACTS AS AGENT FOR THE OIL TRUST

Direct Collusion Between the Standard Company and Inter-Mountain Road Shown

SHORT ANSWER TO MUCK-RAKING CHARGE

CHICAGO, May 11.—Direct charges of collusion between the Standard Oil Company and the St. Louis & Iron Mountain Railroad were made during the second day's hearing of the investigation of the relations between the oil company and the common carriers of the country, before the Interstate Commerce Commission.

J. F. Tucker, chairman of the Central Freight Association, was questioned at some length regarding the manner in which the Central Traffic Association is conducted. He was succeeded on the stand by H. J. Cohn of St. Louis, who was connected with the Waters-Pierce Oil Company for fifteen years. He declared that certain territories in Illinois were divided between the Waters-Pierce Oil Company and the Standard Oil Company for the sale of oil. The accounts of the former company, he said, are checked up by auditors of the Standard Oil Company.

Reductions Allowed

The witnesses declared that in the published tariff of the Missouri Pacific road a reduction of one and one-half cents per hundred on oil is provided for if the pipe line passed under the Mississippi River.

The Waters-Pierce Oil Company up to three years ago, he said, owned two pipe lines passing under the river. The Iron Mountain, the witness said, had acted as an agent in securing business for the Standard Oil Company from all small towns in Southern Missouri, and received a compensation for all work done. Agents for the road, he said, acted also as agents for the oil company.

Paid a Commission

For their services, they were paid a commission of one cent a gallon. The witness said that he, as an agent of the Standard Oil Company, had appointed new railroad agents in Missouri, where vacancies existed.

The last witness of the day was S. L. Hibbs of Peoria, Ill., who gave evidence regarding the methods of crushing independent dealers, similar to that given by previous witnesses. During his testimony Attorney Miller, representing the Standard Oil Company, objected to the evidence, claiming that it had no bearing upon the relations of the company with the railroads and saying that it simply was a "lot of muck-raking."

Need of a Rake

"Well," replied Commissioner Clements, "if the Standard Oil Company is in the muck I see no reason why a rake should not be used."

The hearing will be continued tomorrow.

WATERS THREATEN TO INUNDATE VALLEY

Colorado and New Rivers Take Sudden Rise and Populace With Hundreds of Teams Are Fast Building up Canal Levees Above High Water

LOS ANGELES, Cal., May 11.—Word has been received from the Imperial Valley that the Colorado river, which has been stationary at about twenty-two feet for several days has taken a sudden jump and the New River, which traverses the valley and is fed by the overflow of the Colorado, is threatening to inundate the valley. A large force of men in the employ of the Southern Pacific company has been put to work on levees at lower points on the river where the tracks of the road are threatened.

Citizens of the valley have offered to join issues with the railway company to construct a levee of sufficient length and height to hold the water in the river banks and offer protection to the towns of Calexico, Elcentro and Heber.

There is little prospect of the river lowering this month and still higher water is looked for in June when the snow melts on the mountains. Such of the levees as have been constructed are in danger of destruction. The embankment is being patrolled night and day.

Nearly 200 four horse scrapers are at work on the canal levees, which are to be raised four feet over high water mark. Fifty additional teams have been sent from Los Angeles to aid in the battle with the great river.

Salton Sea continues to show a daily rise of nearly half an inch.

WORK ABOUT TO BEGIN ON N.-C.-O.

Manager T. F. Dunaway Leaves for Likely to Make Final Observations of the Surveys—Objective Point Is Lakeview in Oregon

Manager T. F. Dunaway of the N.-C.-O. Railroad left for Madeline and Likely, Cal., yesterday morning and when he returns work will be fairly in sight for the extension of the N.-C.-O. line.

This work has been in contemplation for some time, and there have been various rumors often that the work was about to be begun. It was given out officially yesterday that the plans for the extension have matured and the first extension started as soon as rails can be laid on the ground.

Likely, which is about twenty miles by rail from Madeline, is the immediate objective point. A bad grade has to be overcome in this stretch and the way by rail will be five miles longer than the wagon road.

Alturas is about twenty-two miles by rail beyond Likely, and will be reached soon.

The purpose of Manager Dunaway's trip is to make a final investigation of the surveyed route, to see if any improvement is possible.

A rich grazing, timber and agricultural country will thus be opened up, and Lakeview, Or., connected by rail with Reno, and thus to San Francisco. As fine wheat as is raised in the world comes out of this country which the N.-C.-O. is tapping and the wealth of the country will be materially advanced by the extension of the road about to be begun.

CITY STORE IS ROBBED AT AN EARLY HOUR

Five Hundred Dollars, However, Is Overlooked by the Thieves in Their Haste to Escape

A. P. LEROUX OF MILL STREET THE VICTIM

A. P. LEROUX, who runs a little grocery store at 427 Mill street, near the V. & T. bridge, had his place robbed early this morning. His safe was blown open with nitroglycerine and the cash box robbed of $30. The robbers got away.

Leroux, who was sleeping in the building adjoining, was awakened about 2:30 o'clock by the sound of the exploson and, looking out of his window, saw two men leaving the store. The police were notified and Officer Cadle appeared promptly. The men left no trace, other than their efficient work in blowing open the safe, and a couple of cold chisels.

Luckily they overlooked about $500 in currency and jewelry belonging to Leroux's brother. These valuables reposed in an upper drawer of the safe and were not touched. The safe door was blown completely off.

From appearance the work was done by competents in that line; and it may be that the same gang that robbed Robison at Sparks, and the Riverside Mills some time ago, is still at work. A peculiarity of their operations is the care taken to leave no incriminating evidence behind.

RANCHERS FLEE TO ESCAPE THE FLAMES

BUTTE, Mont., May 11—Sand Point, Idaho, advices state that a disastrous forest fire is burning within a few miles of that place. Sparks from the engines of Great Northern trains started the fire which has now burned beyond all control and the ranchers of this vicinity are making efforts only to save their movable property. Several sawmills and many thousands of feet of poles and posts have already been destroyed.

Two Remarkable Clothing Values

$11.00 and $14.00

There are many men who don't believe they can get a good dependable suit in the latest styles and patterns for $11 or even $14. They have tried it perhaps—but not at this store. We didn't know it either until we found this manufacturer who makes good clothes for little money. Spot cash are his terms, so he takes no risks about getting his money and can therefore work on a small margin of profit. This, coupled with the fact that we content ourselves with a much smaller profit than other clothing stores, explains why you can obtain these suits here at $11 and $14 where you are accustomed to paying from $15 to $17.50 for no better suits elsewhere. Come in, and an inspection of the suits will convince you of their worthiness as it has scores of critical dressers before you.

SALOON LICENSES IN BAY CITY ARE REVOKED

Mayor Schmitz and the Board of Police Commissioners Decide on This Action to Keep Liquor Out of San Francisco

SAN FRANCISCO, May 11.—That the authorities here have no intention of loosening the tight grip on the reins which have held the liquor dealers in check since the city suffered its great disaster was made plain today by the emphatic declarations of Mayor Schmitz. When asked as to the likelihood of the saloons being allowed to open in the near future the Mayor not only denied that there was a possibility of such action being taken, but added that he had decided that all drinking places should be closed for an indefinite period. He attributed the remarkable absence of crime and the unexceptional order which has prevailed in the city, since the conflagration, to the fact that the edict against the selling of liquor had been rigidly enforced.

This stand of the Mayor was emphasized this afternoon when the Board of Police Commissioners met and unanimously endorsed a suggestion by the Mayor that all saloon licenses now in existence be revoked. San Francisco is today a city without saloons.

Fewer Saloons in Future

In discussing this sweeping order the commissioners were a unit in voicing the sentiment that the future welfare of the city would be enhanced by a fewer number of drinking places. A number of saloon proprietors have in the course of construction temporary buildings in which they hope soon to be permitted to dispense liquors. To these the commissioners issued a warning advising them that the number of saloon licenses to be issued in the future would be greatly curtailed and that it was premature for them to incur any expense in the way of temporary building operations.

Sheriff Will Close Bars

In San Mateo county, just over the border, the supervisors allowed the saloonmen to open their places of business. Te result was disastrous. Thousands of men and women flocked over the border and indulged in drunken orgies. It produced the nearest approach to riotious conditions that has existed in the city since the great catastrophe. Chief of Police Dinan appealed to Sheriff Mansfield of San Mateo county begging him to see that all grog shops within his jurisdiction be closed. Today Sheriff Mansfield made answer that he would close all drinking places, despite the action of the supervisors of the county, even if it was necessary for him to go to the extent of calling upon the militia to aid him in the work.

MORE MONEY FOR CONSULS

WASHINGTON, May 12. — The House Committee on Foreign Affairs authorized a favorable report on the diplomatic and consular appropriation bill. The measure as amended carries a total of $2,744,000 which is an increase over the current appropriation of a quarter of a million.

BRIBERY HEARING CONTINUED

BOSTON, May 11.—The investigation by the Suffolk County Grand Jury of alleged brbery in the Legislature will be continued at the June sitting. This announcement was made at the adjournment of today's session which is the last of the month's sitting.

CONTRACT TO BUILD HOTEL IS AWARDED

Although the papers had not been signed yesterday, it is the intention of the Riverside Hotel Company to let the contract for building the proposed wing to Fowler & Lyons of this city. This contracting firm will have charge of all the work excepting the removal of the old building and the excavatng, both of which jobs will be done by the hotel company.

The contract was let at a meeting held by the stockholders last Thursday, and work, says H. J. Gosse, will begin next Monday. There will be considerable preliminary work to be done in the way of moving the hotel employes from the present structure into other quarters, but as soon as the frame building now standing on the site of the proposed wing is vacated, it will be torn down and the brick structure will begin to appear.

A full description of the new hotel was published in The Journal some time ago, and Proprietor Gosse stated yesterday that the original plans would be adhered to; the expense of which will be about $50,000. This will construct a hotel that has no superior either in external beauty, internal convenience and appointments and sightliness of location.

FRENCH DUELLISTS FIRE TWO SHOTS, THEN RETIRE

Editor Millevoye of the Patrie and Count De Noailles Exchange Shots Without Result

PARIS, May 11.—Lucien Millevoye, editor of the Patrie of this city, and a Nationalist member of the Chamber of Deputies, fought a duel with pistols today with Count Matheu de Noailles, as a result of the exciting street encounter which took place between them on May 9, when Millevoye broke his cane over the count's head.

REASSURING NEWS OF GREAT COMSTOCK CITY

CARSON CITY, May 11.—W. A. Burns, the labor leader of Virginia City, is in this city today and states that there are over 200 miners at work on the Comstock. The flurry caused in the Comstock city on account of threatened suspension of mine operations because of the San Francisco disaster, would seem, he declares, to have been merely a flurry. He states that there are now idle about 150 miners, but he has received information to the effect that these too, will be, in a very short time, again put to work.

WATER TO MAKE THE DESERT BLOSSOM

Immense Irrigation Project in Antelope Valley Fairly on the Way—Fertile Lands Will be Opened for Colonization Purposes

CARSON CITY, May 11.—Senator Rickey has left for Antelope Valley where he will superintend the opening of the work on his immense irrigation scheme near Walker Lake.

Work on the tunnel which is to be the outlet of the already established artificial lake, has been begun. A shaft 120 feet deep, to the tunnel level, will be sunk and drifting both ways will be done.

The outlet at its mouth will be 10 feet square and will thus be large enough to supply water sufficient to irrigate 2700 acres which it is proposed to put under cultivation. The lake is fed by the Walker river which empties after a devious route into this reservoir. This is four miles wide and eight miles long and constitutes the center of an irrigating scheme second only in magnitude to the Truckee-Carson governmental project. As the water will issue from the outlet under a 100 foot pressure it will be sufficient easily to reach the bench land which it is proposed to put under cultivation.

The present plan is to colonize this tract, by inviting farmers each of whom will be permitted to cultivate comparatively small sections. On account of the extreme richness of the soil and the immense area to be opened, it is stated by Senator Rickey that Antelope Valley and this land about to be opened along the river, will be capable of supporting a population which will add 20 per cent to the population of Nevada.

The V. & T. already reaches Minden, 20 miles away and it is thought that by next Fall will tap this country which Rickey's enterprise is about to open.

MORRILL ACCUSED OF FISH TRAPPING NEAR DERBY DAM

Members of the Reno Gun Club were advised yesterday that James Morrill, the well known fish expert, is trapping fish near the Derby dam. There has been much discussion among local fishermen about this matter, and to settle the point, Will Upson and John Lyle were sent to the government dam yesterday morning to gather evidence in case it were found that the reports concerning Morrill were true.

Some time ago there were complaints of a similar nature made against Morrill, which complaints alleged that he was taking fish in an unlawful manner near the Electric Light company's dam. As a result it is said that Morrill moved from that place, and the reports of yesterday declare he is again engaged in this business of trapping fish.

District Attorney Craig said yesterday that as yet no complaint in the matter has been lodged with him, but he declared that if complaint were made, a warrant would be issued. "As prosecuting attorney I will prosecute anyone found taking fish from Washoe county streams in an unlawful manner," he said.

PAPER TRUST FALLS TO GOVERNMENT ATTACK

Action Brought by the Federal Authorities on Ground That Agreement Existed in Restraint of Interstate Commerce Results in Victory

ST. PAUL, May 11.—The United States Government today secured an unconditional surrender in the United States Circuit Court before Judge Sanborn, of the paper trust, against which the Attorney-General began a suit on December 27, 1904, to dissolve a combination between the General Paper Company and twenty-three other defendants on the ground that an agreement had been entered into by the defendants in restraint of interstate commerce.

This is a complete victory for the Government. The price of paper at the time this suit was brought was from $2.25 to $2.35 per 100 weight. The bringing of this suit already has had the effect of reducing the price of paper to about $1.85.

The decision will be important to newspaper publishers throughout the country. Competition will now be renewed by all the mills in the country.

Victory for Government

WASHINGTON, May 11. — Attorney-General Moody upon being questioned concerning the significance of the action of the defendants in withdrawing their answer to the Government bill in the so-called paper trust case today at St. Paul, said:

"This action on the part of the constituent companies of the paper trust terminates the litigation by the entry of a judgment for all the Government demanded in its bill, and is a complete victory for the United States. They manufacture substantially the sole supply of news print and fiber paper of the district west of Chicago and east of the Rocky Mountains."

DIVINE DENOUNCES WESTMINSTER CONFESSION

Terms it an Idol of Man's Invention and Says it Darkens and Denies Great Love of God and Should Not Be Retained by Any Church

NEW YORK, May 11.—The question of disciplining or of trying on heresy charges Rev. Dr. Samuel T. Carter, who several years ago became prominent in an effort to have the Westminster confession revised, was taken up today by the Presbytery of Nassau, L. I. The meeting was called because of a letter in which Dr. Carter declares that he does not believe the Westminster confession to be the truth of God, but "an idol of man's invention as truly as any worshipped in Delhi, Pekin or Africa."

This letter is addressed to the General Assembly of the Presbyterian Church which meets May 18th in Des Moines, Ia.

"There never was, is not now and never will be such a God as the Westminster confession," says Dr. Carter.

"I believe that the Westminster confession darkens and denies this great love of God and should not be retained as a confession by any church today, and that our church is false to its greatest duty of being a true witness for God so long as it retains this confession."

COUNTESS DE CASTELLANE INSISTS ON DIVORCE

Case Comes Before Court for Preliminary Hearing and Papers Will Now be Filed

PARIS, May 11.—The Castellane's case was taken up again today for the purpose of learning if it was possible to reconcile the parties. Both Count Boni and the Countess (formerly Anna Gould of New York), appeared in court. The latter was accompanied by her counsel, Edmund Kelly. The hearing disclosed that there was no chance of a reconciliation the countess insisting on an absolute divorce. This concluded the formal preliminaries. The countess' bill asking for absolute divorce will now be filed, the papers will be served and the case will proceed at once.

ROME, May 11.—It is expected here that Monsignor Guiseppe Aversa, formerly Secretary of the Congregation for Extraordinary Affairs who was charged with an ecclesiastical mission to Cuba will soon be made an archbishop and that he will also be appointed Apostolic Delegate to Cuba and Porto Rico in succession to the late Archbishop Chappelle, of New Orleans.

TWO EARTHQUAKE SHOCKS ARE FELT IN INDIANA

First Temblor is Preceded by a Vivid Flash Similar to Lightning Which Causes Alarm

PETERSBURG, Ind., May 11.—Two distinct earthquake shocks were felt here at 12:45 a. m. A low rumble was heard in the west and buildings quivered, windows rattled and dishes were rocked from the shelves. Many people jumped from their beds in fright. The shocks were 45 seconds apart and the first one was preceded by a vivid flash similar to lightning.

FOR FUNDS

Letter Written by S. P. Official and Sent All Over the Lines Solicits More Assistance for the Relief of the San Francisco Sufferers

The fact that San Francisco is still badly in need of financial assistance and that the people there are needing more supplies was given further evidence yesterday in the receipt of a letter from J. C. Stubbs, of the Harriman lines, addressed to District Freight and Traffic Manager D. S. Taggart as well as all other district managers on the lines, soliciting money for the relief fund.

While the letter is not in the least arbitrary, it will doubtless be the means of securing a magnificent sum for San Francisco, as it will appeal to railroad employes all over the coast, Oregon, Washington, Idaho and Montana, Nevada, Utah and Colorado, in fact wherever the allied lines have rails, there will be a response to this second call for aid.

The letter is as follows:

"The suggestion having been made that doubtless all employes of the allied lines would be glad to have an opportunity of doing something towards the relief of the San Francisco sufferers, enclosed herewith please find cards for the use of your office and distribution to outside traffic offices under your jurisdiction which can be signed by the head of the department and posted in a conspicuous place. When contributions are received remittances should be made to the treasurer of the company as indicated.

It is the desire that this movement shall not impose an obligation upon any person to give. Contributions or subscriptions must be wholly voluntary and every man free to give or not give without prejudice or criticism.

Yours truly,
J. C. STUBBS.

The card referred to will thus appear throughout the entire allied systems, including the Oregon Short Line, Union Pacific Railroad's lines west of Green River, Wyoming, and the Southern Pacific lines commencing at Sparks and thence east, and will call attention to the needs of the San Francisco sufferers and solicit aid for them.

EXPRESS COMPANY OUT OF MONEY ORDERS

Last One Was Issued Yesterday Morning and None Can be Obtained in Reno Until Supply is Sent From Chicago Office

It will be several days before the people of Reno will be able to send money away by the use of Wells, Fargo money orders. Since the San Francisco disaster the local office has been besieged by thousands of people who wished to send money to their friends and relatives in the stricken city. Yesterday morning the last money order was issued and Agent Burke states that until more can be sent from Chicago the people of Reno will either have to send postal money orders or currency.

The engraving plant of the company which supplied this city was located at San Francisco and was destroyed by the flames. A telegram was sent yesterday to headquarters at Chicago and a supply of orders will probably be shipped with all dispatch possible.

It was stated by Agent Burke yesterday that the business done last month has been the largest in the history of the company in this city.

ALL DARKTOWN TO BE OUT AT M'KISSICK'S

Fifty actorettes who have been told they can act; a whirlwind of songs and laughter; old songs with new singers; new songs with no singers; old songs restamped; new jokes not stamped; new music and jokelets to be sprung on the public at McKissick's opera house on May 16th and 17th by the Darktown Ladies are now in course of construction.

Six jolly end "men" in latest songs, jokes and speeches. Hear Rosa Cowslip sing "Push Dem Clouds Away," at McKissick this week. "Ridin' on a Golden Automobile," by Arabella Snowball, with tingling chorus, will dispel any case of blues. The beautiful ballad, "Rose, Sweet Rose," by "Patti Adalina," will be worth hearing. "Sweet Adaline" by the Sisters Blackfoot, and "My Sunbeam Lou," by Gloriana Sunbeam, are gems of the first part. The Spangler Sisters are alone worth the price of admission.

Then there will be "Little Cotton Dolly," by first tenor Rastus Richegold, second tenor, Rusty Beanpole, Buzzard Roost; first basso, Andrew Jackson Jaryourbones; second bass, George Washington Slipperyate, is a musical gem that will be long remembered.

DOWAGER QUEEN INJURED

BERLIN, May 11.—The Dowager Queen Emma of the Netherlands, mother of Queen Wilhelmina, was thrown from an automobile at Steinfurt, Westphalia. The machine struck a butcher's wagon, ejecting her majesty and Prince Von Bentheim-Steinfurt. The queen mother was bruised, but resumed her ride.

DR. HAUGH MUST DIE

INSANE

Complaint Filed Yesterday by Henry C. Cutting and Examination Will be Held at a Date to be Determined Later

A complaint charging Dr. F. Dangbury with being insane was filed yesterday by Henry C. Cutting and he will be examined at a latter date to determine his mental condition. Dangbury had trouble with Cutting Wednesday and was arrested on the complaint of the latter who claims that he made threats to take his life. Dangbury has been drinking heavily of late and it is thought that his mind has become temporarily unbalanced from the use of alcohol. He is also despondent over the loss of valuable property in the San Francisco fire.

Dangbury was arraigned in the justice court yesterday and pleaded not guilty to a charge of disturbing the peace. His bail was fixed at two hundred dollars and as he was unable to furnish it he is now in the county jail.

Whether Dangbury will be brought to trial on the charge of disturbing the peace will depend on the result of the verdict of the physicians who examine his mental condition.

TREADWELL IN CARSON

CARSON CITY, May 11.—Considerable interest is manifested here over the fact that Manager Treadwell of the famous Alaska-Treadwell mine, has arrived and has purchased the Mammoth mine about 30 miles from here. This, it is believed, means the erection of reduction works, and has had the effect of booming the Mammoth country, to which place many are going. Treadwell declines to discuss his plans.

OREGON LUMBERMEN TAKE ADANTAGE OF FIRE

Raise Price of Logs From Eight to Ten Dollars Per Thousand Feet Owing to Increased Demand

PORTLAND, May 11.—Taking advantage of the enormous demand for lumber in California and in foreign countries, some of the leading logging firms on the Columbia river have raised the price of logs from $8 to $10 a thousand feet.

RELIEF COMMITTEE IN MORE GOOD WORK

Mother and Daughter, Both Refugees from San Francisco, Are Being Cared for at the Sierra Hospital—Their Condition Is Serious

Mrs. Easterbrook, the refugee from San Francisco, who was taken to the Sierra Hospital Thursday suffering from typhoid fever, has been joined at that institution by her little girl, who is also down with the same malady.

The fact that misfortune comes not singly is being experienced by the unfortunate woman. She lost her all in the San Francisco fire, and came a refugee to Reno. Here she was taken sick with the fever, contracted, probably, in San Francisco. The Relief Committee promptly came to her aid and placed her in the hospital and under the care of Dr. Kilgour. Her little girl was taken to the Dickie ranch. Yesterday, however, the child developed typhoid symptoms and the Relief Committee was again prompt to act. The little girl is given a private room and the best of attention, and it is believed that both she and her mother will pass safely the fever's crisis and fully recover. At present they are both reported to be in a very serious condition. Dr. O'Neal is in charge of the little one.

FIRE DEPARTMENT CALLED

The Fire Department responded promptly to an alarm turned in from the South Side last night. The trouble was caused by a burned out chimney and the danger was over when the fire laddies arrived.

ARRANGED

Wheelmen's Effort in Behalf of San Francisco Sufferers Will be Rewarded by a Crowded House Tomorrow Night at McKissick's

Tomorrow night the Wheelmen's benefit programme will be given at McKissick's opera house, and a big house, undoubtedly will greet the performance.

For diversity, novelty and excellence the programme could not be improved upon. Stage Manager Al Pape and Chairman A. B. Manheim have exerted themselves to the utmost to assemble a programme that will appeal to everyone, and are confident they have succeeded. Musical numbers will contrast with athletic events, comedy will lighten more serious features and the whole will prove of great interest and warrant a crowd that will tax the opera house capacity to the limit and send along a splendid donation for the relief of San Francisco sufferers. All the proceeds of the entertainment will be for the benefit of the relief fund.

The programme is given in full.

Te programme inside will be preluded by an open air concert outside the opera house by the Boys' band.

This is the programme in full:

Overture; Japanese champion wrestlers; American wrestlers, George Braun, champion wrestler of America vs. Frank Miller; farce; tenor solo, Walter B. Anthony; Prof. Mariner's orchestra of eighteen pieces; baritone solo, A. G. Frye; overture; fancy club swinging by Harry Gelder; roller bicycle races; vocal solo, E. Rafael, late of St. Mary's Cathedral, San Francisco; musical selections, by Hays and Smith, courtesy of the Oberon; statues posed and staged under the management of Al Pape: 1st pose, Eureka, on dome of San Francisco City Hall; 2d pose, Soldier taken from statue on corner of Market and Mason streets; 3rd, a group pose, America; Edward E. Trainer, a refugee from San Francisco, will close the programme.

B. R. Smith will referee the wrestling contests to be given at the benefit Sunday night.

Tanney of a Pittsburg detective agency and nine of his assistants on the charge of murder, were placed in the hands of Sheriff Begley of Somerset county today. The warrants were sworn out by Mary Popovich, widow of one of the men killed by the firing of deputies during the riot at Windber, April 16th.

IN [illegible]

Stanton, Alias Charley Barstow, Though Exonerated by Coroner's Jury Will Have a Hearing in Justice Bell's Court

Much interest was aroused yesterday among local attorneys over the question of jurisdiction concerning the case against Charley Barstow, the old sheep herder whose right name appears to be Charles Stanton.

While the coroner's jury summoned yesterday at Wadsworth by Deputy Coroner T. A. Read, exonerated Stanton from blame in the killing of Victor Ellis, a complaint had previously been sworn to by District Attorney Craig and so the sheep herder, who evidently shot in self defense, will have a hearing before Judge Bell. Thus the question of jurisdiction came up, because the shooting took place on an Indian reservation, which is Federal ground.

District Attorney Craig stated yesterday morning that he believed the state has jurisdiction inasmuch as the Enabling Act of 1864 admitting Nevada to statehood, did not reserve Federal jurisdiction over Indian reservations. Nothing was stated in the act of 1864 concerning this matter, said Mr. Craig, and the United States Supreme Court has twice decided that where acts admitting territories into the Union, do not specifically reserve Federal jurisdiction over Indian reservations, that the state is entitled to such jurisdiction in all offenses against criminal statutes.

This opinion of the district Attorney was concurred in by United States District Attorney Samuel Platt at Carson City, who stated last night to a Journal correspondent, that unless the alleged crime was committed by an Indian or ward of the government, the Federal courts have no jurisdiction.

So far as Barstow, or Stanton, is concerned, it seems to him all a tempest in a tea pot, because he declares he shot in self defense and the coroner's jury at Wadsworth has exonerated him from all criminal blame.

WILL REORGANIZE TRUST

APPLEON, Wis., May 11.—The General Paper company will reorganize on entirely new lines according to James A. Kimberly, president of the alleged paper trust, in an interview this evening. This decision is the result of a meeting held in Milwaukee yesterday when steps were taken by the directors to withdraw an answer to the government. Kimberly would not say how the company would be formed to avoid violating the anti-trust law, but he fel tconfident that such a selling agency could be organized without fear of government action.

Royal Baking Powder

Absolutely Pure

DISTINCTIVELY A CREAM OF TARTAR BAKING POWDER

It does not contain an atom of phosphatic acid (which is the product of bones digested in sulphuric acid) or of alum (which is one-third sulphuric acid) substances adopted for other baking powders because of their cheapness.

Three years ago the start was made. Sometime in the near future we will tell you the whole story, it is timely because we made good from one border of Nevada to the other. In all directions of the compass there are hosts of people to bear witness to that. It's only a story of plain people trying to do things in the right way, but it carries a moral, and, we believe, will interest you when told.

In the meantime, just a few words. Three years ago, when the start was made, everybody predicted failure and some put themselves out of the way to help make good the prediction. There were breweries here and in the vicinity before, they have not succeeded, and there seemed to be no apparent reason for it. So we set about to find it with intent to overcome and make it the foundation of success.

Reno is prosperous and growing, the State likewise, the inhabitants are loyal and modern—"modern" is the word that led to the discovery of the reason:—QUALITY.

For three years, in the face of adverse circumstances and strong opposition, with little more in our favor than grim determination and a world of faith in the old toast, "Give to the world the best you have and the best will come back to you," we worked under the all-absorbing motto, "quality." It was not a question of ability to produce it,—there is no man in the United States possessing a better knowledge of brewing than Mr. Jacob Hook—the difficulty was in getting people to see and anchor to the "quality."

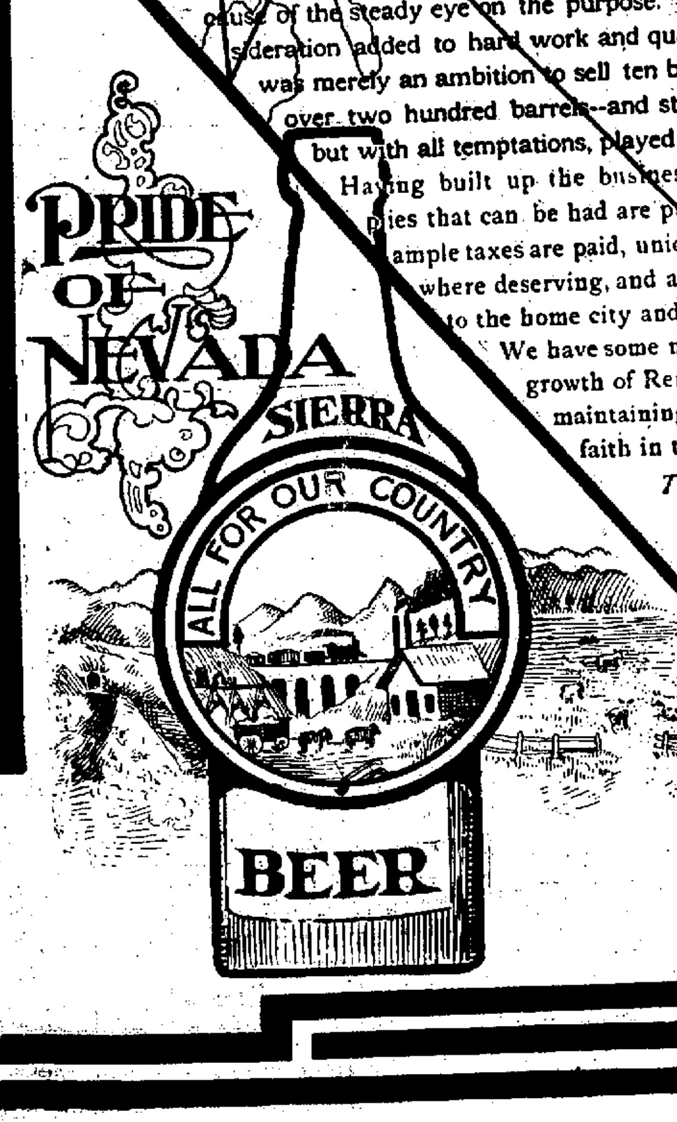
A few friends, no advertising, inability to offer inducements, nothing at all to help along, quality had to conquer all difficulties. Everything had to be fought for and gained through sheer hard work—how hard, the world will never know, but it was done cheerfully, because of the steady eye on the purpose. And thus, with integrity, promptness and consideration added to hard work and quality, the aim was realized, and what originally was merely an ambition to sell ten barrels per day gave place to a daily capacity of over two hundred barrels--and still growing. We played the game of business, but with all temptations, played it square.

Having built up the business with money earned in Nevada, all of the supplies that can be had are purchased here—even when the price is higher—ample taxes are paid, union labor is employed at better than union wages where deserving, and always and wherever possible preference is given to the home city and State.

We have some more ambitions, they are hand in hand with the growth of Reno and welfare of Nevada, but we shall continue maintaining and improving quality and always retain our faith in the old toast:

There are loyal friends, there are spirits brave,
There are hearts that are good and true;
Give to the world the best you have
And the best will come back to you.

(I have a cool glass of Sierra in my left hand as I am writing this—somehow I can never give the toast otherwise.—J. W.) H.N's.



CLOSING EXERCISES OF HIGH SCHOOL

Two Young Ladies Are Presented With Diplomas of Graduation by Superintendent Craig

The closing exercises of the Sparks High School were held last night in Raine's Hall and were attended by a very large crowd, notwithstanding the inclemency of the weather. A very interesting programme was rendered by the students, assisted by outside talent.

The graduating class was composed of two young ladies, Miss Lottie Huston and Miss Alice O'Brien. Both completed a very successful term of school and will enter the university at its opening next fall.

Following the programme the candidates for graduation were presented their diplomas by County Superintendent Craig.

Raine's Hall was very handsomely decorated in honor of the event, flowers of many kinds being abundant. The color scheme was pink and violet, those being the colors of the class. The programme in full was as follows:

Chorus, "New Hail Columbia"; thesis and salutatory, "Luck," Alice O'Brien; vocal solo, Miss Lila Abbay; thesis and valedictory, "Intellectual Demands of the Next Fifty Years," Lottie Huston; instrumental solo, Mrs. T. J. Yeargin; address, Attorney Charles Lewers; presentation of diplomas, County Superintendant Craig, chorus, "The Jolly Students."

GONE TO OGDEN

Yardmaster Proctor left yesterday morning for Ogden, where he will enter the Railroad Hospital for treatment for rheumatism. He first went to the hospital at Sacramento, but found that place full of patients and unable to care for any more.

BOWLING TODAY

OFFICE DISCONTINUED

The night telegraph office at Thorne on the Nevada & California Railroad has been discontinued. The operator will be transferred to another station.

WILL NOT PROSECUTE M'MAHON FOR ASSAULT

Mike McMahon, who after two gun flourishes was arrested and then on account of his condition placed in a local sanitorium, was scheduled to appear yesterday before Police Judge Richardson. The matron of the People's Hospital, however, advised City Attorney Stoddard that McMahon's condition, while materially improved, is such as to prevent his appearance at the Police Court or anywhere else outside the hospital for some time to come.

It is understood that the man who McMahon met in the Overland Hotel and on whom he pulled the gun will not press the charge against McMahon, because he is convinced that his assailant was temporarily unbalanced.

WILL SOON BEGIN GRAVELING ROAD

One Hundred Ballast Cars Will Soon Be Placed in Commission on Salt Lake Division

One hundred gravel and ballast cars were brought in yesterday from the Hazen cut-off, and after undergoing needed repairs here will be sent to the Perth gravel bed near Lovelock from which place gravel for the roadbed between Massie and Kodak and Golconda and Palisade will be hauled.

It is expected that the ballasting will begin in about ten days and that the road will be completed in about three months.

A new steam shovel will be used for loading the cars, and as soon as it is placed in condition for use the work will be started. This work will necessitate four additional hauling trains being placed in commission and the employment of one loading and one unloading crew. When this work is completed the roadbed will be in perfect condition from this city to Ogden and will be one of the finest stretches of road in the country.

IS CHARGED WITH STEALING WATCH

Charles Schaffer, Arrested in This City Yesterday, Suspected of Robbing Reno Store

Charles Schaffer was arrested in this city yesterday by Chief of Police Malay and Officer Wees, suspected of having robbed the Shufelt & Riley second-hand store in Reno of several watches and other pieces of jewelry. When arrested Schaffer had in his possession half a dozen watches and $3 in silver. The money had been given to him by Officer Wees for one of the watches. Four of the watches were identified by Shufelt & Riley as their property. They were stolen Thursday afternoon from a tray in the front of the store. An expensive revolver was also stolen.

Schaffer was taken to Reno yesterday by Officer Malay and placed in jail, a charge of housebreaking having been placed against him.

Schaffer claims that he bought the watches from a man at Reno, paying him $12 for them. He also claims to be a refugee from San Francisco and that his sister was killed by the earthquake. To others he represented that he came from Los Angeles.

Annual Feast by Basketball Team

Nevada Co-eds Enjoy a Very Pleasant Banquet at Golden Grill Last Evening

Thirteen young people, constituting the members of the 1906 basketball team, and Coach Rudolph and wife, gathered around the banquet table at the Golden Grill last night and perpetuated the annual feast of the team. A menu of exceeding excellence was provided by Thomas Bros., and the young ladies and their chaperones did ample justice to the good things with which the table was filled.

During the evening all present responded to appropriate and interesting toasts which were propounded by Manager Bertha Knemeyer, who acted as toastmistress. The banquet was brought to a close by the toast in which all joined, "The Future Success of Nevada's Basketball Teams."

"The basketball team has just completed a very successful season. Several games have been played and the co-eds have emergd victorious in all but one contest. Their colors were lowered by the San Jose team, who won from them by the narrow margin of one point.

It is expected that the team next year will be a very strong one, as most of this year's team will be back.

To Arrange for Academic Meet

Representatives of Different High Schools of State Will Confer This Afternoon

This afternoon the representatives of the different high schools of the State will meet at the university to determine the day on which the academic field meet and declamation contest will be held. A short time ago letters were sent to the principals of the schools throughout the State. Replys have been received from Principal Comerford of the Virginia City High School, and that school will be represented both on the cinder path and rostrum. Principal Leavitt of the Gold Hill School is also in favor of May 26th and the same date is considered the best by Professor Winfrey of the Reno High School.

The track meet promises to be one of unusual interest this year, as the teams are said to be quite evenly matched. Elko High School is reported to have a much stronger team than usual and stands a good chance of winning the meet.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey of 3322 Clinton street, Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

Stop Grumbling

If you suffer from Rheumatism or pains, for Ballard's Snow Liniment will bring quick relief. It is a surecure for Sprains, Rheumatism, Contracted Muscles and all pains—and within the reach of all. Price 25c, 50c, $1.00. C. R. Smith, Tenaha, Tex., writes: I have used Ballard's Snow Liniment in my family for years and have found it a fine remedy for all pains and aches. I recommend it for pains in the chest. Sold by T. R. Cheatham, Reno and Sparks Drug Co., Sparks, Nev.

Not if as Rich as Rockefeller

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

If You Don't

succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C—, of Emory, Texas., writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by T. R. Cheatham, Reno and Sparks Drug Co., Sparks, Nev.

HOPPE SETS A NEW WORLD'S HIGH MARK

Defeats Jacob Schaefer in the Eighth Inning by Score of 500 to 103. His Highest Run During the Evening Being 307, Beating Cure's Record

CHICAGO, May 11.—The world's high run 18-inch balk, 2-inch was broken tonight by Willie Hoppe, who set the new mark at 307. The former record was held by Louis Cure, 255.

Hoppe made the record in his game with Jacob Schaefer, who he defeated in eight innings by the score of 500 to 103.

It took George Sutton but six innings to win the afternoon game of the 18-2 balk line billiard tournament from Louis Cure, an average of 83 2-6 points for the game. For sensational billiards, this game stands out pre-eminent in the tournament. Starting out with one point and making but eight in his inning, Sutton found the balls to his liking when he stepped to the table for his third inning, and soon showed he was in perfect stroke.

Before he missed he had collected 140 billiards, following the balls down the center of the table out of balk and frequently making ten or a dozen points without moving the ivories more than two inches. On his 138th attempt he found the balls lined up inches apart and against the rail. It looked impossible, but Sutton made a perfect jump shot, counting and left the balls in a bunch. He missed a one-cushion draw on his forty-first attempt. In the next inning Sutton clicked off 121 and he followed this in the fifth inning with 201, the high run of the tournament. In the meantime, Cure had been doing some beautiful work.

He missed the first shot, but in his second inning he counted off 126 points. On his 127th attempt he found the balls frozen. He spotted them, but missed.

Cure made but three in his third inning and failed to count in his fourth, but in the fifth he ran up 95 and had the balls in position for more, but missed an easy bank shot. He left the balls in a corner, and that settled the game. Sutton followed with his run of 201. Cure followed with 13 and Sutton, with but 29 to go, ran the game out. Sutton's high run was 201; average, 83 2-6. Cure's high run was 126; average, 39 1-6.

HERMAN FIGHTS DRAW WITH ATTEL

Battle Is One of the Fastest and Cleverest Ever Witnessed in the Roped Arena at Los Angeles—Hermann Not Pleased With the Decision

LOS ANGELES, May 11.—Kid Hermann, of Chicago, and Abe Attel of San Francisco, fought twenty rounds to a draw tonight before the Pacific Atheltic club. The fight was one of the cleverest and fastest ever seen in Los Angeles, Attel using all his cleverness and speed to avoid the sturdy rushing Hermann. The cleverness and speed of Attel were marvelous and were all that saved him from certain defeat.

Hermann forced the fighting from start to finish, but not until the last four or five rounds, was he able to land effectively. In the fifteenth, sixteenth and seventeenth rounds Hermann had a big advantage and it seemed for a time that Attel would go down to defeat.

He rallied in the nineteenth and twentieth, however, and Referee Eyton promptly called the battle a draw. The betting was 10 to 9 on Hermann. There was about a $5,000 house present. Hermann was much displeased with the decision but Attel seemed entirely satisfied.

GOT HIS RAILROAD FARE

Frank Donohue, a well-known prospector, wanted to go to Ely and approached, last Thursday, a friend who is a prominent and wealthy mining man, asking the latter if he cared to take a chance on prospecting in Ely. The mining man said he was willing and offered to put up the expense money. But Donohue did not want to take it as a gift, so the matter was compromised by playing the Palace faro table. As a result of the cards, Donohue got his expense money and the mining man pulled away from the table early Friday morning over $1,000 to the good besides.

LOS ANGELES PUTS WHITEWASH ON FRESNO

Raisin Pickers Make a Poor Showing and Score Ends Five to Nothing in Favor of Home Team—San Francisco Gets Victory Over Portland

LOS ANGELES, Cal., May 11.—The Angels put the whitewash all over Fresno today. Fitzgerald was hit safely but half a dozen times. The hitting was timely and the game was won for Los Angeles in the first inning. Score:

	R.	H.	E.
Los Angeles	5	6	1
Fresno	0	5	1

Batteries—Nagle and Eager; Fitzgerald and Hogan. Umpire—McDonald.

PORTLAND, Or., May 11.—Toren weakened in the eighth inning today and San Francisco batted in four runs and won out. Previous to this inning Toren had performed wonderfully, only one hit being secured off him. Hitt was steady at all times, and the best Portland could do was to get two runs. Score:

	R.	H.	E.
San Francisco	4	6	2
Portland	2	7	5

Batteries—Hitt and Wilson; Toren and McLean. Umpire—Perrine.

SEATTLE, May 11.—Oakland-Seattle game postponed on account rain.

THE NATIONAL LEAGUE

ST. LOUIS, May 11.—Chicago, with Manager-Captain Chance out of the game with an injured finger, went to pieces today and St. Louis won, 8 to 4. Every one of Chicago's errors were costly. Score:

	R.	H.	E.
St. Louis	8	11	1
Chicago	4	10	4

Batteries—Egan and Raub; Wicker and Kling. Umpires—Carpenter and Johnstone.

PITTSBURG, May 11.—Pittsburg was shut out today for the first time this season, the score being 2 to 0 in favor of the Philadelphians. Both Phillippi and Sparks pitched in excellent style. Score:

	R.	H.	E.
Pittsburg	0	5	3
Philadelphia	2	8	0

Batteries — Phillippi and Peitz; Sparks and Dorn. Umpire—Klein.

AMERICAN LEAGUE GAMES

BOSTON, May 11.—The opening game of the series between Boston and the Western team was won today by St. Louis, and marked the ninth successive defeat inflicted on the local men. Score:

	R.	H.	E.
St. Louis	8	9	1
Boston	3	6	4

Batteries — Smith and Rickey; Dineen and Graham.

WASHINGTON, May 11—Mullin was a puzzle to Washington today, allowing but four hits, and Detroit gave the local team its first shut-out of the season. Score:

	R.	H.	E.
Washington	0	4	4
Detroit	4	11	0

Batteries—Hughes and Heydon; Mullin and Schmidt.

NEW YORK, May 11.—The Cleveland team began its first Eastern series at American League Park today and beat the locals 6 to 3. Chesbro was batted out of the box in the sixth inning and Newton, who relieved him, was unable to hold the visitors. Score:

	R.	H.	E.
Cleveland	6	9	2
New York	3	11	2

Batteries—Hess and Clark; Chesbro, Newton and Kleinow.

COUNTY OF INYO IS NOT TO BE IGNORED

Convincing Plea Made for the Attention of Capital in Country Declared to be Rich in Mineral and But Little Developed as Yet

The Inyo Register of recent date has an interesting editorial on the subject of mining interests in that county. Says the editorial in part:

"The unusual interest minifested of late in our local mining enterprises, the many new fields, and the developing great wealth and permanency of the Southern Belle group, especially have awakened our people to a realization that possibly something good may come out of Nazareth after all, and have focused upon us eyes that heretofore could look only elsewhere.

The smart Alecs resident among us, who know it all, have confidently insisted that He who sowed gold in the earth skipped Inyo. They knew it because "geological conditions were not right;" because "the porphyry and granite walls are not clearly defined;" because "it couldn't be;" and, finally, because it was Inyo.

Years ago, before the days of facility of transportation in this part of the country, were many deposits of gold known in Inyo, and worked at a profit, too, under such discouraging conditions as would preclude the undertaking by any modern miner.

In those days it was possible only to "gopher" the richest streaks, and to hunt these as near the surface as the pure air would naturally penetrate in quantity to sustain life. Therefore, such mines had to be abandoned, and they have remained so, many of them, until now, awaiting the hand of modern facilities for their resurrection.

The Southern Belle mine was one of these, whose recall to life is due to its manager, Mr. Vandercook. His electric motors, fans, lifts and other devices have permitted his advance beyond the limits of endurance of the property's first owners, and he is developing, on the ground they were forced to give up, what expert miners pronounce one of the coming great gold mines of the world. And there are others, even in close proximity to Mr. Vandercook's group—apparently on the same ledge—still waiting the call to re-existence which will doubtless come with the predicted flow now drifting this way from the over-ridden fields of our sister state.

This condition of the old, forsaken mines is not the limit, by any means, to the inducement this district offers to the coming gold seeker. There are a great many undeveloped prospects; the mountains around are full of them, presenting opportunities numberless to him who shall undertake, earnestly their exploration.

Nevada has had the call. Her Tonopahs, her Goldfields, her wonderful Manhattan, and other places too numerous to name, are, and have been, blazing with the beauty and effulgence of their light of wealth; but when the conflict is over, when the rush and boom give place to quiet existence, and we may lesiurely count the trophies of the golden battle, we doubt if any prouder memories shall sway us than that of old Inyo, the rejected, turned-down Inyo.

It Is Dangerous to Neglect a Cold

STOCKS ADVANCE MARKET SHOWS STRENGTH

General Movement Is Good and Conditions in Wall Street Rather Favorable — Resumption of San Francisco Banks Looked for

NEW YORK, May 11.—The stock market made a further demonstration of its recuperative vitality today in the further striking advances effected on periods of a large number of important stocks. The current belief in the financial district continues to be that the operators which cause these advances are largely in the hands of professionals or habitual speculators formed into market combinations, and made up of men of great wealth. The action, of the market, however, indicates a digestion of profits going on from time to time in the course of the advance. Thus the stocks which are strong one day are either reactionary or held stationary during the next day under the influence of steady selling, while advances at new points have a steady sustaining influence.

The broad underlying basis for the movement is the effective decline in interest rates. This was further evident today in the rates for call and time loans.

Foreign exchange rates also eased off today and it was reported that remittances to New York were being made on account of British fire insurance companies. It is asserted by the speculative party in Wall street that practically the whole volume of fire losses by the British companies yet remains to be remitted and it is expected that these sums will remain on deposit in New York for some time before being ultimately distributed to the San Francisco claimants. Attention was given to reports of the probable fixing of an early date for the resumption of business by the San Francisco banks, as the flow of to fololw soon, when the resumption to follow soon, when the resumpton occurs and the demands on deposits are defined. An advance in the price of Copper was an incident of the day and many rumors were revived of an intended dividend increase and project for consolidation and financial readjustment.

Bonds were irregular. Total sales, par value, $2,780,000.

United States old 4s declined ⅛ per cent on call.

Metal Markets Advance

NEW YORK, May 11.—A still more sensational advance was reported in the London tin market today with prices closing lb5 5s higher at lb 204 for spot and lb7 higher at lb198 for futures. Locally the market was influenced by the advance abroad and closed strong at 45.00@46.00.

The upward movement of the market is attributed largely to speculative conditions abroad which, however, have the assistance of a strong statistical position.

Copper was also higher in London, but the gains were moderate with spot closing at $84, 2s 6d and futures at lb83, 10s. Locally copper was firm and a shade higher, with Lake quoted at $18.62 ½@19.00; electrolytic, $18.50@18.62½ and casting $18.00@18.25.

Lead was firm at $5.50@5.85 according to lot and delivery in the New York market. London reported an advance of 1s 3d with spot closing at $6. 10s 3d.

Spelter was unchanged at lb26, 7s, 6d in the London market and at 6.00@6.05 in the local market.

Iron was unchanged at 53s for standard foundry and at 50s 1½d for Cleveland warrants in the English market. Locally no change was reported.

Reports of Damage to the Fall Sown Crop Strengthens the Markets for Wheat, Corn and Oats—Provisions Also Advancing and Firm

CHICAGO, May 11.—Reports of damage to the fall sown crop by dry weather caused strength today in the local wheat market. At the close prices were at the highest point of the day, the July option being 1⅜@½c. The market closed steady. July opened a shade lower to a shade higher at 80@⅛c, sold at 79⅞@80c and advanced to 81½@⅝c. The close was at 81½@⅝c.

An advance of 2¼c in the price of May corn was the feature of trading in that option. The shary upturn was caused by shorts who were stirred to action by the small amount of corn available for delivery on May contracts. Stocks of corn in this market are unusually small. Not until the price of May had been advanced to 49⅝c, was the demand of the most urgent bidders satisfied. On profit-taking the price dropped back to 49, where it closed firm. Future deliveries were strengthened by the advance in May and closed strong. July opened unchanged to a shade lower at 45⅞@46c to 46c, sold between 45⅝ and 46½ and closed at 46½c.

The strength of wheat and corn caused moderate firmness in oats. There was a good demand by shorts for May but offerings were light. That option opened unchanged at 31⅜c, sold up to 31¾c and closed at the top.

Trading in provisions was very quiet but the market had a firm undertone because of a 5@7½c advance in the price of live hogs. At the close July pork was up 7½c; lard was 2½c higher and ribs were up 2½@5c.

PORTLAND, Ore., May 11.—Wheat—Club, 71@72c; blue stem, 72@73c; red, 69@70c; valley, 70c.

TACOMA, Was., May 11.—Wheat—Unchanged; export, blue stem, 71½; club, 70½c; red, 68½c.

Wool Market Higher

ST. LOUIS, May 11.—Wool, higher; medium grades, combing and clothing, 25@27½c; light fine, 21@24½c; heavy fine, 18@20c; tub washed, 32@39c.

Livestock Markets

CHICAGO, May 11.—Cattle—Receipts 11,000. Market strong; beeves, $4.50@6.20; cows and heifers, $1.85@5.35; stockers and feeders, $2.90@4.85; Texans, $4.00@4.70; calves, $4.00@6.40.

Hogs—Receipts, 14,000. Market 5@7½c higher. Eseimated tomorrow -0,-000. Mixed and butchers, $6.35@6.52½; good heavy, $6.52½@6.62½; rough heavy, $6.20@6.35; light, $6.30@6.57½; pigs, $5.85@6.30; bulk of sales, $6.50@6.65.

Sheep—Receipts, 6,000. Market, 10c higher. Sheep, $4.15@5.85; lambs $4.75@7.55.

A BIG SALE MADE IN THE WASHOE DISTRICT

J. George Brinkman, a Kansas Capitalist and Mining Man, Purchases the Independent Mine for Five Thousand Dollars Yesterday

Another big sale was recorded in the Washoe district yesterday when the Independent mine was disposed of for a consideration of five thousand dollars to J. George Brinkman, a capitalist of Great Bend, Kansas. The sale was made by Mrs. A. A. Harris of Virginia City. The new owner will at once begin active development of the property which is said to be one of the most promising claims in the district.

The Washoe district is rapidly coming to the front as one of the most important camps in the state. Many years ago that section of the country was the scene of much activity and several fortunes have been taken from the mines of the district. Washoe City, now an abandoned town consisting of a few tumble down houses, was once one of the largest cities of the state. From present indications the old town is destined to take on another boom and again become one of the important camps of the state.

Other deeds recorded yesterday were as follows:

A. F. McPhail to George Buckingham, lot 12, block 17 in the New Town tract at Sparks. Consideration $10.

F. J. Peck to Oscar R. Morgan, lot 15 in block 9, Riverside Heights. Consideration $10.

E. S. Kimball to N. W. Prince, lots 1 and 2 in block H. St. George's addition to Reno. Consideration $10.

EDITORIAL COMMENT

SMALL MINDED CRITICISM

SOME of the Republican papers who never neglect an opportunity to cast aspersions on Nevada's senior senator and question the honesty of his motives in every official act, have now a chance to prove that they are not actuated by petty partisanship or malice. Here is the opportunity:

A few weeks ago President Roosevelt, without consulting with California's Senators, the authorities of San Francisco or anyone else, took it upon himself to decline all foreign aid to the sufferers. Now comes Canada, Japan, France and several other foreign nations with offers of assistance direct, which the Relief Committee gladly accepts, notwithstanding the lordly declination of a too-previous and cock-sure Chief Executive.

Senators Newland's plan was a good one, since it contemplated none of the humiliating conditions that inevitably attach to an outright gift. It was based on sound financial principles. Stripped of all confusing details, it simply meant that the government should indorse the bonds of the city of San Francisco, taking as its security the property rebuilt from the funds raised by the sale of the bonds. By this means, borrowers could be assured the lowest possible rates of interest, as the bonds would be as good as government bonds. *Mr. Newlands, although a heavy loser, took occasion to state that those associated with him had no desire to become beneficiaries under the plan, since they were amply able to finance their own plans without assistance.* But even had this not been the case, where would have been the crime in proposing the plan? The government was not asked to advance a dollar—simply to lend the credit of the nation by its indorsement.

There is no question but that San Francisco will be rebuilt, and it will be done with borrowed money. The banks and large financial trusts will reap a harvest because the intending builder must perforce, pay whatever is demanded, be it 4, 5 or 6 per cent for the use of the money. How much better, then, would it have been had they been enabled to borrow on endorsed bonds at 2, 2 1-2 or 3 per cent.

It would seem that instead of condemning Senator Newlands for his sound and practicable ideas, they should turn their batteries on the Senators from California, who through offended vanity and pique, assumed the responsibility of depriving the people of the stricken city of the benefits of a practical plan for their financial rehabilitation.

FRIENDS of the government scheme of free garden seeds are taking courage as the congressional discussion over the annual appropriation progresses and are inclined to believe there is a chance for the usual free seed appropriation, approaching a couple of hundred thousand dollars, in spite of the vacillating and antagonistic attitude of many congressmen and their determination to knock the dead-head proposition in the head.

This is a critical year for the free seed scheme, and it is by no means certain that it will pull through, although some of its most determined opponents in congress now seem disposed to resort to the prevailing official switch-back policy of reversing themselves and seeing things from a different standpoint.

Among the congressmen of spinal rigidity who are opposing the graft, and who is backed up by a goodly proportion of his constituents, is Lilley, of Connecticut, who, in a recent speech, excoriated the free seed custom in vigorous terms declaring that as far as he could learn, no one really wanted the seeds; producing letters from constituents asking him not to send thema ny more of them, and stating that in many cases the seeds were returned by the farmers with the suggestion that if he really wanted to send them anything he might forward a few Angora goats, government mules, postage stamps, etc., and the speaker was not taken off his feet by the sarcastic queries of his opposing colleagues on the floor, as to whether he had sent his people any wooden nutmeg seed, Waterbury watch seeds, hook-and-eye seeds, etc.

Nevertheless, it begins to look as if the free seed-grarft would survive and the farmers who don't want them will have to take them whether or no.
